

STR® CARBINE STOCK - MIL-SPEC

MAG470

BLK, FDE, ODG

NSN:11005016198860

The Magpul STR (Storage/Type Restricted) Carbine Stock is a drop-in replacement buttstock for AR15/M4 carbines using Mil-Spec and Commercial-Spec sized receiver extension tubes. A storage-capable version of the CTR®, the STR has improved cheek weld and two water resistant battery tubes on a compact, reinforced polymer A-frame design.

A shielded operation lever and supplemental friction locking system prevent accidental operation and minimize excessive stock movement for enhanced weapon stability and accuracy. The STR incorporates two integral sling loops, a reversible push-button QD sling mount, and a replaceable 0.30" thick rubber butt-pad which provides positive shoulder purchase to prevent slippage even with body armor or modular gear.

Made in the U.S.A.

STR® CARBINE STOCK - MIL-SPEC

MAG470

BLK, FDE, ODG

- Two water-resistant battery storage tubes located on the left and right sides. Each tube will store up to two (2) CR123A lithium or AA batteries.
- Shielded release latch prevents snagging and accidental operation. Supplemental friction lock minimizes accuracy-robbing wobble
- Sloping cheek weld combines a slim profile with user comfort
- Replaceable 0.30" Rubber Butt-Pad offers an anti-slip surface and increases impact protection
- Premium chrome-silicon lock spring provides positive locking and long service life
