

MS4[®] DUAL QD SLING GEN2

MAG518

BLK, COY

NSN:1005016938723

NSN:1005016922559

Filling the same mission requirement as the standard MS3 Sling, the MS4 can quickly switch between one-point and two-point configurations. The MS4 maintains material construction and specifications identical to that of the standard MS3, but instead of Magpul Paraclips™, it features two heavy-duty push-button QD Sling Swivels, along with a custom steel connection ring to allow one to two-point convertibility. This modification allows compatibility with QD sling cups commonly found on lower receivers, receiver end plates, buttstocks, and many low-profile forward QD Sling Mounts.

The MS4 Dual QD GEN2 incorporates a new, low profile quick-adjust slider which minimizes bulk and allows for secure, yet effortless, sling adjustment. Webbing length has also been increased for a comfortable fit with all body types and armor configurations.

Made in the U.S.A. and 100% Berry Amendment compliant.

MS4® DUAL QD SLING GEN2

MAG518

BLK, COY

- Compatible with buttstocks, end plates, receivers, and hand guards that have a push-button QD socket
- Designed for easy, rapid convertibility between one-point and two-point mode
- Low-profile adjustment slider for adding or removing sling tension in two-point mode with a single-hand
- Durable, precision-cast steel QD D-Ring allows for quick transition from one to two-point mode and is finished with Melonite for extreme resistance to wear and corrosion
- Heavy-duty push-button quick disconnect sling swivels for both one and two-point attachment
- Custom 1.25-inch wide nylon webbing material is strong and wear resistant while remaining anti-chafe for user comfort
- Colored webbing has Near Infrared (NIR) treatment to reduce IR signature
