

PMAG® 30 AR 300 B GEN M3™, 300 BLK 300 AAC BLACKOUT

MAG800

BLK

NSN: 1005016706834

The PMAG 30 AR 300 B GEN M3 is a purpose-designed magazine for rifles chambered in .300 Blackout. Since its inception, .300 Blackout shooters have had to use a magazine designed for another cartridge, limiting its performance and compatibility. One of the nice features of .300 Blackout is the compatibility with 5.56X45mm parts, but with the magazine it is a compromise to do so. Due to the wide variety of projectile weights and shapes potentially decreasing overall reliability, a dedicated .300 Blackout magazine was a logical step for the PMAG line. In addition to the performance gained by a dedicated mag, the PMAG 30 AR 300 B also offers a safer way to feed your .300 BLK rifle.

When using 5.56 mags, the potential to chamber and fire a .300 BLK round in a 5.56X45 NATO chambered rifle with catastrophic results requires diligent ammunition management by the shooter. The PMAG 30 AR 300 B's distinct rib design provides the shooter a distinct visual and tactile difference from any other PMAG to mitigate dangerous cross-loading issues. Along with optimized .300 BLK performance, the PMAG 30 AR 300 B brings along all the GEN M3 features such as our next-generation impact and crush resistant polymer, aggressive front and rear texture, an easily removable slim floor plate, and a paint pen dot matrix for marking and identification.

Made in the USA.

- Dedicated, purpose-designed magazine for rifles chambered in .300 BLK
- Optimized internal geometry accommodates the wide variety of bullet profiles used in .300 BLK cartridges
- Distinct rib design and smoother upper-half texture provides the shooter a distinct visual and tactile difference from any other PMAG to mitigate dangerous cross-loading
- Carries forward the physical and performance features of the rest of the GEN M3 line

Compatibility:

- Wide compatibility with most 'STANAG 4179' platforms such as the AR15/M4, FN SCAR, IWI Tavor, and others.

Accepts most 5.56X45 NATO PMAG accessories.
